POLY BAGS, FILM & TUBING

Bags, film and tubing are made through a process called blown film extrusion. It's where polyethylene is melted and extruded vertically into a bubble which then makes its way downstream to be slit, folded or sealed.

With access to over 53 extrusion lines in 5 manufacturing facilities, it is easy to order custom LD and LLD polyethylene bags, tubing and sheeting from 4" to 150" in gauges of 0.75–8 mil. You can choose from 14 stock colors, 4 venting styles and a host of performance additives.

Smart Tech Bags Technology

Custom items can be manufactured with Smart Tech Bags® technology, engineered to provide over 3X the impact and 2X the tensile strength of traditional low-density polyethylene. Exclusively manufactured for us in the U.S.A. under strict ISO 9001 regulations.

100% Renewable Energy

These products are manufactured with 100% renewable energy from sources like wind and solar power.

Order with Confidence

Our reps are experts at walking you through the process of custom ordering so you can order with confidence.

MATERIALS AVAILABLE

Anti-Block additive for easy opening and loading

Anti-Static additive for all static-dissipative film

Clarity for improved visibility of film contents

High-slip additive for reduced friction between film

HACCP Certified manufactured under strict HACCP requirements

LDPE low-density polyethylene for standard strength film

LLD linear low-density polyethylene for high-slip film

LLDPE linear low-density polyethylene for higher-strength film

Metallocene additive for high-strength film or cold storage

Non-Slip to increase friction between film

Non-Scratch for a smoother film surface

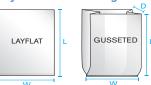

Postal-Approved Higher-slip & anti-static additives for film used in USPS mailings

UVI/UVA Ultraviolet Inhibitor/Absorber to protect film and contents

VCI Vapor Corrosion Inhibitor for film to prevent rust

BAG, TUBING & SHEETING STYLES

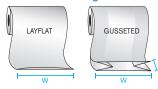

Layflat & Gusseted Bags

Reclosable Bags

Continuous Tubing & Sleeves

Continuous Sheeting*

PACKAGING DETAILS

CASES OR ROLLS

Loose in a case or on a roll for easy dispensing

CASE OR ROLL COUNT

Get the quantity that works best for your custome

BOXED ROLLS

Boxed Rolls protect product prior to use

CRADLEPACKED ROLLS

Use less packaging, save money and provide more stable shipments

^{*} Sheeting can be continuous or perforated.
